What you will be able to do

- Explain the why of a change in plain language

- Spot and address resistance early

- Keep momentum after the launch

Why people resist change

Resistance is usually information. We look at the losses people expect and how to talk about them honestly.

Reflection: Rate your confidence from 1 to 10 now, and again in two weeks.

The change story

Write a short, honest narrative that covers where we are, where we are going and what will not change.

Reflection: Write three sentences about a recent moment this applied to you.

Keeping momentum

Most change efforts fade after launch. Build small rituals that keep progress visible.

Reflection: What will you try differently this week? Who will notice?
