What you will be able to do

- Open a well-being conversation with confidence

- Listen without trying to fix

- Signpost to the right support

Opening the conversation

Simple, low-pressure ways to check in, and how to choose the right time and place.

Reflection: Rate your confidence from 1 to 10 now, and again in two weeks.

Listening without fixing

Most people want to be heard before they want advice. Practise reflective listening.

Reflection: Write three sentences about a recent moment this applied to you.

Knowing your limits

You are a manager, not a therapist. Learn when and how to signpost to professional support.

Reflection: What will you try differently this week? Who will notice?
